

INV-0600mm-2170Lm

Reference: FL-INV-0600-J2-1

Description:

Anti-vandalism fixture with LED Module and characterized by High Impact Resistance (IK10+). Stainless Steel Body powder painted. Thick Polycarbonate Diffusor with high resistance Special locking system with anti-vandalism screws. Dedicated to application such as Train Station, Tunnels, Parking...

Certifications:

Fiche technique:

Voltage	230V 50Hz
Power	20,5w
Insulation class	II
Power Factor	Higher than 0.95
Luminous flux	2170Lm
Type of light source	LED
CRI	Higher than 80
Driver included	Yes
Driver	Tridonic
Lifetime	50 000h L70B10
Color temperature	3000K/4000K/6000K
Dimming	OPTION
IP	65
IK	10+ / 150J
Operating temperature	-30 to +45°C
Material	Stainless Steel - Polycarbonate
Visserie anti-vandale	YES
Size	760x170x170
Energy label	A++
Warranty	5 years
